In response to the Official Action (election of species requirement) issued on September 23, 2003, Applicants elect, without traverse, the species (A), drawn to an optical compensatory sheet formed from discotic liquid crystal molecules, wherein the liquid crystal molecules are discotic liquid crystal molecules. Currently, claims 1-13 and 24-26 read on the elected species.

Applicant notes that upon allowance of a generic claim, Applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the features of an allowed generic claim.
